

Fee Summary 2016-2017

We aim to make the school fees as simple as possible. We divert approximately 12.5% of the tuition fee to what we call the **development fund**, which we use to invest in new books, materials and other educational and play equipment that the children directly use.

The enrolment fees go towards the school **legacy fund**, which helps the school build, grow and improve on an ongoing basis - this fund pays for building and garden improvements, recruitment, staff training and development and allows us to explore new projects that we think will enhance the work of the school, such as creating a Montessori teacher training college, building and maintaining a farm school etc.

Tuition Fees

Class / Age group	Per term	Per year*
Toddler Community (i.e. Nursery / Pre-K) 0 - 3yrs	85,000	170,000
